

## Domain Registration Procedure Chequamegon Communications Cooperative

The first step toward hosting your domain with Chequamegon Communications Cooperative, you must register your domain with a domain registrar such as [Network Solutions](#). You may register your site with any registrar that you choose.

You must have specific Contact and Server information included in your domain registration. That information is detailed below:

<b>Technical Contact:</b>	If your domain is registered with Network Solutions:	NIC Handle: 31573849I
	Otherwise:	Network Operations noc@NETWORK1.NET First Network Group 4 Perry Wapakoneta, OH 45895 US (419)739-9240 Fax- - (419)738-8043
<b>Domain Servers:</b>	NS1.AIRSTREAMCOMM.NET	64.33.128.10
	BRUTUS.BRIGHT.NET	209.143.0.10

complete and submit the Domain Installation Request form. Then you will need to contact our office by phone to give us a credit card number or mail us a check for installation (include 5.5% sales tax). Once we have your payment, we will complete the installation of your site. This is usually completed the same day it is requested.
